**Explanation of Responses:**

- On September 16, 2022, due to an issue with the equity administration system of the company, the reporting person filed a Form 4 which inadvertently reported the sale of a higher number of shares than were actually sold by the reporting person. The correct number of shares sold is listed above.
- The price reported in Column 4 is a weighted average price. These shares were sold in multiple transactions at prices ranging from \$88.05 to \$88.12, inclusive. The reporting person undertakes to provide, upon request to the Securities Exchange Commission staff, the issuer or a security holder of the issuer full information regarding the number of shares and prices at which the transaction was effected.
