ITEM 6. INDEMNIFICATION OF DIRECTORS AND OFFICERS

(a) Section 145 of the Delaware General Corporation Law permits indemnification of our officers and directors under certain conditions and subject to certain limitations. Section 145 of the Delaware General Corporation Law also provides that a corporation has the power to purchase and maintain insurance on behalf of its officers and directors against any liability asserted against such person and incurred by him or her in such capacity, or arising out of his or her status as such, whether or not the corporation would have the power to indemnify him or her against such liability under the provisions of Section 145 of the Delaware General Corporation Law.

(b) Article VII, Section 1 of our Bylaws provides that we shall indemnify our officers, directors, employees and agents to the full extent permitted by the General Corporation Law of Delaware. ITEM 9. UNDERTAKINGS

A. The undersigned registrant hereby undertakes: (1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement (i) to include any prospectus required by Section

10(a)(3) of the 1933 Act, (ii) to reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement and (iii) to include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement; provided, however, that clauses (1)(i) and (1)(ii) shall not apply if the information required to be included in a post-effective amendment by those clauses is contained in periodic reports filed by the registrant pursuant to Section 13 or Section 15(d) of the 1934 Act that are incorporated by reference into this Registration Statement; (2) that for the purpose of determining any liability under the 1933 Act, each such post-effective amendment shall be deemed to be new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; and (3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

B. The undersigned registrant hereby undertakes that, for purposes of determining any liability under the 1933 Act, each filing of our annual report pursuant to Section 13(a) or Section 15(d) of the 1934 Act that is incorporated by reference into this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

C. The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report, to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the 1934 Act; and, where interim financial information required to be presented by Article 3 of Regulation S-X is not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

D. Insofar as indemnification for liabilities arising under the 1933 Act may be permitted to directors, officers, or controlling persons of the registrant pursuant to the indemnification provisions summarized in Item 6 above or otherwise, the registrant has been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the 1933 Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the 1933 Act and will be governed by the final adjudication of such issue.

Re: Ligand Pharmaceuticals Incorporated Registration Statement on Form S-8 for (i) 985,000 Shares of Common Stock Issuable Under The 1992 Stock Option/Stock Issuance Plan, as amended, and (ii) 95,000 Shares of Common Stock Issuable Under The Employee Stock Purchase Plan, as amended.

Ladies and Gentlemen:

We have acted as counsel to Ligand Pharmaceuticals Incorporated (the "Company") in connection with the registration on Form S-8 (the "Registration Statement") under the Securities Act of 1933, as amended, of (i) an additional 985,000 shares of the Company's common stock (the "Common Stock") for issuance under the Company's 1992 Stock Option/Stock Issuance Plan, as amended (the "Stock Plan"), and (ii) an additional 95,000 shares of Common Stock under the Company's Employee Stock Purchase Plan, as amended (the "Employee Plan"). All of such shares of Common Stock are collectively referred to herein as the "Shares."

This opinion is being furnished in accordance with the requirements of Item 8 of Form S-8 and Item 601(b)(5)(i) of Regulation S-K.

We have reviewed the Company's charter documents and the corporate proceedings taken by the Company in connection with the establishment and amendment of the Stock Plan and the Employee Plan. Based on such review, we are of the opinion that if, as and when the additional 1,080,000 Shares reserved in the aggregate under the Stock Plan and the Employee Plan have been issued and sold (and the consideration therefor received) pursuant to (a) the provisions of option agreements duly authorized under the Stock Plan and in accordance with the Registration Statement, or (b) duly authorized direct stock issuances in accordance with the Stock Plan and the Employee Plan and in accordance with the Registration Statement, those Shares will be legally issued, fully paid and nonassessable.

We consent to the filing of this opinion letter as Exhibit 5.1 to the Registration Statement. In giving this consent, we do not thereby admit that we are within the category of persons whose consent is required under Section 7 of the Securities Act of 1933, as amended, or the rules and regulations of the Securities and Exchange Commission promulgated thereunder, or Item 509 of Regulation S-K.

This opinion letter is rendered as of the date first written above and we disclaim any obligation to advise you of facts, circumstances, events or developments which hereafter may be brought to our attention and which may alter, affect or modify the opinion expressed herein. Our opinion is expressly limited to the matters set forth above and we render no opinion, whether by implication or otherwise, as to any other matters relating to the Company, the Stock Plan, the Employee Plan or the Shares.

Very truly yours,

BROBECK, PHLEGER & HARRISON LLP

LIGAND PHARMACEUTICALS INCORPORATED

1992 STOCK OPTION/STOCK ISSUANCE PLAN
AS AMENDED THROUGH MAY 20, 1999

ARTICLE ONE

GENERAL

I. PURPOSE OF THE PLAN

A. This 1992 Stock Option/Stock Issuance Plan ("Plan") is intended to promote the interests of Ligand Pharmaceuticals Incorporated, a Delaware corporation (the "Corporation"), by providing (i) key employees (including officers) of the Corporation (or its parent or subsidiary corporations) who are responsible for the management, growth and financial success of the Corporation (or its parent or subsidiary corporations), (ii) non-employee members of the Board of Directors and (iii) consultants and other independent contractors who provide valuable services to the Corporation (or its parent or subsidiary corporations) with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest in the Corporation as an incentive for them to remain in the service of the Corporation (or its parent or subsidiary corporations).

B. The Plan became effective on November 17, 1992, the date on which the shares of the Corporation's common stock were first registered under Section 12(g) of the Securities Exchange Act of 1934, as amended (the "1934 Act"). Such date is hereby designated as the "Effective Date" of this Plan.

C. This Plan shall serve as the successor to the Corporation's Restricted Stock Purchase Plan (the "Stock Plan") and 1988 Stock Option Plan (the "Option Plan") (such Plans are hereinafter referred to as the "Predecessor Plans"), and no further option grants or share issuances shall be made under the Predecessor Plans from and after the Effective Date. Each outstanding option or share issuance under the Predecessor Plans immediately prior to the Effective Date were incorporated into this Plan and are to be treated as outstanding options or stock issuances under this Plan. However, each such option or share issuance shall continue to be governed solely by the terms and conditions of the instrument evidencing such grant or issuance, and, except as otherwise expressly provided herein, no provision of this Plan shall affect or otherwise modify the rights or obligations of the holders of such incorporated options or shares with respect to their acquisition of shares of the Corporation's common stock or otherwise modify the rights or obligations of the holders of such options or shares.

D. For purposes of this Plan, the following provisions shall be applicable in determining the parent and subsidiary corporations of the Corporation:

Any corporation (other than the Corporation) in an unbroken chain of corporations ending with the Corporation shall be considered to be a PARENT of the Corporation, provided each such corporation in the unbroken chain (other than the Corporation) owns, at the time of the determination, stock possessing fifty percent (50%) or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

Each corporation (other than the Corporation) in an unbroken chain of corporations beginning with the Corporation shall be considered to be a SUBSIDIARY of the Corporation, provided each such corporation (other than the last corporation) in the unbroken chain owns, at the time of the determination, stock possessing fifty percent (50%) or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

II. STRUCTURE OF THE PLAN

A. The Plan shall be divided into four separate components: the Discretionary Option Grant Program specified in Article Two, the Automatic Option Grant Program specified in Article Three, the Stock Issuance Program specified in Article Four, and the Director Fee Option Grant Program specified in Article Five. Under the Discretionary Option Grant Program, eligible individuals may be granted options to purchase shares of the Corporation's common stock at not less than 85% of the Fair Market Value (as defined below) of such shares on

the grant date. Under the Automatic Option Grant Program, eligible non-employee members of the Board of Directors will be granted options to purchase shares of the Corporation's common stock at 100% of the Fair Market Value of such shares on the grant date. Subject to the limitations contained in this Plan, the Stock Issuance Program shall allow eligible individuals to purchase shares of the Corporation's common stock at discounts from the Fair Market Value of such shares of up to 15%. Such shares may be issued as fully-vested shares or as shares to vest over time. Under the Director Fee Option Grant Program, non-employee Board members may elect to apply all or a portion of the fee otherwise payable in cash to him or her each year to the acquisition of a special option grant.

B. The provisions of Articles One and Six of the Plan shall apply to both the Discretionary Option Grant Program and the Stock Issuance Program and shall accordingly govern the interests of all individuals in the Plan.

C. With respect to persons subject to Section 16 of the Securities Exchange Act of 1934 ("1934 Act"), transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the 1934 Act. To the extent any provision of the Plan or action by the Committee (as defined below) fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

III. ADMINISTRATION OF THE PLAN

A. Plan Administrator. The Board shall appoint a committee of two (2) or more non-employee Board members (the "Primary Committee") to have sole and exclusive authority to administer the Discretionary Option Grant and Stock Issuance Programs to administer the Plan with respect to officers and directors subject to Section 16 of the 1934 Act ("Section 16 Insiders").

B. Committees. Administration of the Discretionary Option Grant and Stock Issuance Programs with respect to all other persons eligible to participate in those programs may, in the Board's discretion, be vested in the Primary Committee or a committee of two (2) or more Board members appointed by the Board (the "Secondary Committee"), or the Board may retain the power to administer those programs with respect to all such persons.

C. Members of Committees. Members of the Primary Committee or any Secondary Committee shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also at any time terminate the functions of any Secondary Committee and assume all powers and authority previously delegated to such committee.

D. Service as Committee Members. Service on the Primary Committee or the Secondary Committee shall constitute service as a Board member, and members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Primary Committee or the Secondary Committee shall be liable for any act or omission made in good faith with respect to the Plan or any option grants or stock issuances under the Plan.

E. Authority. Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority (subject to the express provisions of the Plan) to establish such rules and regulations as it may deem appropriate for the proper administration of the Discretionary Option Grant Program and Stock Issuance Programs and to make such determinations under, and issue such interpretations of, such programs and any outstanding option grants or stock issuances as it may deem necessary or advisable. Decisions of each Plan Administrator shall be final and binding on

all parties who have an interest in the Discretionary Option Grant Program and Stock Issuance Program or any outstanding option or stock issuance thereunder.

F. Restriction on Discretion. The administration of the Automatic Option Grant Program under Article Three and the Director Fee Option Grant Program under Article Five shall be self executing in accordance with the terms and provisions of those programs, and no Plan Administrator shall exercise any discretionary functions with respect to such programs.

(iii) those consultants or other independent contractors who provide valuable services to the Corporation (or its parent or subsidiary corporations).

B. Only non-employee members of the Board shall be eligible to participate in the Automatic Option Grant Program and the Director Fee Option Grant Program.

C. Each Plan Administrator shall have full authority to determine, (i) with respect to the option grants made under the Discretionary Option Grant Program, which eligible individuals are to receive option grants, the time or times when such grants are to be made, the number of shares to be covered by each such grant, whether the granted option is to be an incentive stock option ("Incentive Option") which satisfies the requirements of Section 422 of the Internal Revenue Code or a non-statutory option not intended to meet such requirements, the time or times at which each granted option is to become exercisable and the maximum term for which the option may remain outstanding and (ii) with respect to stock issuances under the Stock Issuance Program, the number of shares to be issued to each Participant, the vesting schedule (if any) to be applicable to the issued shares, and the consideration to be paid by the individual for such shares.

D. The Plan Administrator shall have the absolute discretion either to grant options in accordance with Article Two of the Plan or to effect stock issuances in accordance with Article Four of the Plan. The Plan Administrator will have no discretion with respect to the grant of options under the Automatic Option Grant Program and the Director Fee Option Grant Program.

V. STOCK SUBJECT TO THE PLAN

A. Shares of the Corporation's Common Stock (hereinafter referred to as the "Common Stock") shall be available for issuance under the Plan and shall be drawn from either the Corporation's authorized but unissued shares of Common Stock or from reacquired shares of Common Stock, including shares repurchased by the Corporation on the open market. The maximum number of shares issuable under the Plan is 9,073,457 shares of Common Stock. Such share reserve includes an increase of 985,000 shares authorized by the Board on March 31, 1999, subject to stockholder approval at the 1999 Annual Meeting.

B. No one person participating in the Plan may receive options, separately exercisable stock appreciation rights and direct stock issuances for more than 1,000,000 shares of Common Stock in the aggregate over the term of the Plan.

C. Should one or more outstanding options under this Plan

(including outstanding options under the Predecessor Plans incorporated into this Plan) expire or terminate for any reason prior to exercise in full (including any option cancelled in accordance with the cancellation-regrant provisions of Section IV of Article Two of the Plan), then the shares subject to the portion of each option not so exercised shall be available for subsequent option grant or share issuance under this Plan. Unvested shares issued under the Plan and subsequently cancelled or repurchased by the Corporation, at the original exercise or issue price paid per share, pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent option grants or direct stock issuances under the Plan. However, shares subject to any option or portion thereof surrendered or cancelled in accordance with Section V of Article Two shall reduce on a share-for-share basis the number of

-3-

shares of the same class of Common Stock available for subsequent option grant or stock issuance under the Plan. In addition, should the exercise price of an outstanding option under the Plan be paid with shares of Common Stock or should shares of Common Stock otherwise issuable under the Plan be withheld by the Corporation in satisfaction of the withholding taxes incurred in connection with the exercise of an outstanding option under the Plan, then the number of shares of Common Stock of the same class available for issuance under the Plan shall be reduced by the gross number of shares for which the option is exercised, and not by the net number of shares of Common Stock actually issued to the option holder.

D. In the event any change is made to the Common Stock issuable under the Plan by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares, conversion or other change affecting the outstanding Common Stock, or any class of Common Stock as a class, without the Corporation's receipt of consideration, then appropriate adjustments shall be made to (i) the number and/or class of shares issuable under the Plan, (ii) the number and/or class of securities for which any one person may be granted stock options, separately exercisable stock appreciation rights and direct stock issuances over the term of the Plan, and (iii) the number and/or class of shares and price per share in effect under each outstanding option under this Plan (including outstanding options incorporated into this Plan from the Predecessor Plans). Such adjustments to the outstanding options are to be effected in a manner which shall preclude the enlargement or dilution of rights and benefits under such options. The adjustments determined by the Plan Administrator shall be final, binding and conclusive.

E. Common Stock issuable under the Discretionary Option Grant Program or the Stock Issuance Program may be subject to such restrictions on transfer, repurchase rights or other restrictions as determined by the Plan Administrator.

VI. DETERMINATION OF FAIR MARKET VALUE

The "Fair Market Value" of a share of Common Stock shall be determined in accordance with the following provisions:

-- If shares of Common Stock to be valued are not at the time listed or admitted to trading on any national stock exchange but is traded on the Nasdaq National Market, the Fair Market Value shall be the closing selling price per share of a share of that class on the date in question, as such price is reported by the National Association of Securities Dealers on the Nasdaq National Market. If there is no reported closing selling price for the series on the date in question, then the closing selling price on the last preceding date for which such quotation exists shall be determinative of Fair Market Value.

-- If shares of the class of common stock to be valued are at the time listed or admitted to trading on any national stock exchange, then the Fair Market Value of a share of that class shall be the closing selling price per share on the date in question on the stock exchange determined by the Plan Administrator to be the primary market for the

Common Stock, as such price is officially quoted in the composite tape of transactions on such exchange. If there is no reported sale of a share of the class on such exchange on the date in question, then the Fair Market Value shall be the closing selling price on the exchange on the last preceding date for which such quotation exists.

ARTICLE TWO
DISCRETIONARY OPTION GRANT PROGRAM

I. TERMS AND CONDITIONS OF OPTIONS

Options granted pursuant to this Article Two shall be authorized by action of the Plan Administrator and, at the Plan Administrator's discretion, may be either Incentive Options or Non-Statutory Options. Individuals who are not Employees of the Corporation or its parent or subsidiary corporations may only be granted Non-Statutory Options. Each granted option shall be evidenced by one or more instruments in the form approved by the Plan Administrator; provided, however, that each such instrument shall comply with the terms and conditions specified below. Each instrument evidencing an Incentive Option shall, in addition, be subject to the applicable provisions of Section II of this Article Two.

-4-

A. Option Price.

(1) The option price per share shall be fixed by the Plan Administrator. In no event, however, shall the price for any share be less than eighty-five percent (85%) of the Fair Market Value of that share on the date of the option grant.

(2) The option price shall become immediately due upon exercise of the option and, subject to the provisions of Article Six, Section II and the instrument evidencing the grant, shall be payable in one of the following alternative forms specified below:

-- full payment in cash or check drawn to the Corporation's order;

-- full payment in shares of Common Stock held for at least six (6) months and valued at Fair Market Value on the Exercise Date;

-- full payment in a combination of shares of Common Stock held for at least six (6) months and valued at Fair Market Value on the Exercise Date and cash or check; or

-- full payment through a broker-dealer sale and remittance procedure pursuant to which the Optionee (I) shall provide irrevocable instructions to a designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate option price payable for the purchased shares plus all applicable Federal and State income and employment taxes required to be withheld by the Corporation in connection with such purchase and (II) shall provide written directives to the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale transaction.

-- For purposes of this subparagraph (2), the Exercise Date shall be the date on which written notice of the option exercise is delivered to the Corporation. Except to the extent the sale and remittance procedure is utilized in connection with the exercise of the option, payment of the option price for the purchased shares must accompany such notice.

B. Term and Exercise of Options. Each option granted under this

Article Two shall be exercisable at such time or times and during such period as is determined by the Plan Administrator and set forth in the stock option agreement evidencing the grant. No such option, however, shall have a maximum term in excess of ten (10) years from the grant date.

C. Termination of Service.

(1) Except to the extent otherwise provided pursuant to Section VI of this Article Two, the following provisions shall govern the exercise period applicable to any outstanding options under this Article Two which are held by the Optionee at the time of his or her cessation of Service or death.

-- Should an Optionee's Service terminate for any reason (including death or permanent disability as defined in Section 22(e)(3) of the Internal Revenue Code) while the holder of one or more outstanding options under the Plan, then none of those options shall (except to the extent otherwise provided pursuant to Section VI of this Article Two) remain exercisable beyond the limited post-Service period designated by the Plan Administrator at the time of the option grant and set forth in the option agreement.

-- Any option granted to an Optionee under this Article Two and exercisable in whole or in part on the date of the Optionee's death may be subsequently exercised, by the personal representative of the Optionee's estate or by the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution, provided and only if such exercise occurs prior to the earlier of (i) the third anniversary of the date of the

-5-

Optionee's death or (ii) the specified expiration date of the option term. Upon the occurrence of the earlier event, the option shall terminate and cease to be exercisable.

-- Under no circumstances, however, shall any such option be exercisable after the specified expiration date of the option term.

-- During the limited post-Service period of exercisability, the option may not be exercised in the aggregate for more than the number of shares for which the option is exercisable on the date the Optionee's Service terminates. Upon the expiration of such limited exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be exercisable.

(2) The Plan Administrator shall have complete discretion, exercisable either at the time the option is granted or at any time while the option remains outstanding:

-- to permit one or more options held by the Optionee under this Article Two to be exercised, during the limited period of post-Service exercisability provided under subparagraph (1) above, not only with respect to the number of shares for which each such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more subsequent installments of purchasable shares for which the option would otherwise have become exercisable had such cessation of Service not occurred, and

-- to extend the period of time for which any option granted under this Article Two is to remain exercisable following the Optionee's cessation of Service or death from the limited period in effect under subparagraph (1) above to such greater period of time as the Plan Administrator shall deem appropriate; provided, however, that in no event shall such option be exercisable after the specified expiration date of the option term.

(3) For purposes of the foregoing provisions of this Section

I.C (and for all other purposes under the Plan):

-- The Optionee shall (except to the extent otherwise specifically provided in the applicable option or issuance agreement) be deemed to remain in the SERVICE of the Corporation for so long as such individual renders services on a periodic basis to the Corporation (or any parent or subsidiary corporation) in the capacity of an Employee, a non-employee member of the Board or an independent consultant or advisor.

-- The Optionee shall be considered to be an EMPLOYEE for so long as he or she remains in the employ of the Corporation or one or more parent or subsidiary corporations, subject to the control and direction of the employer entity not only as to the work to be performed but also as to the manner and method of performance.

D. Stockholder Rights. An Optionee shall have no stockholder rights with respect to any shares covered by the option until such individual shall have exercised the option, paid the option price for the purchased shares and been issued a stock certificate for such shares.

E. Repurchase Rights. The Plan Administrator shall have the discretion to grant options which are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while holding such unvested shares, the Corporation shall have the right to repurchase, at the exercise price paid per share, any or all of those unvested shares. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

F. Limited Transferability of Options. During the lifetime of the Optionee, Incentive Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or by the laws of descent and distribution following the Optionee's death. Non-Statutory Options may, to the extent permitted by the Plan Administrator, be assigned in whole or in part during the Optionee's lifetime to one or more

-6-

members of the Optionee's immediate family or to a trust established exclusively for one or more such family members. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

II. INCENTIVE OPTIONS

The terms and conditions specified below shall be applicable to all Incentive Options granted under this Article Two. Incentive Options may only be granted to individuals who are Employees of the Corporation. Options which are specifically designated as "non-statutory" options when issued under the Plan shall not be subject to such terms and conditions.

A. Option Price. The option price per share of any share of Common Stock subject to an Incentive Option shall in no event be less than one hundred percent (100%) of the Fair Market Value of such share of Common Stock on the grant date.

B. Dollar Limitation. The aggregate Fair Market Value (determined as of the respective date or dates of grant) of the Common Stock for which one or more options granted to any Employee under this Plan (or any other option plan of the Corporation or its parent or subsidiary corporations) may for the first time become exercisable as incentive stock options under the Federal tax laws during any one calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000). To the extent the Employee holds two or more such options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such options as Incentive Options under the Federal tax laws shall be applied on the basis of the order in

which such options are granted.

C. 10% Stockholder. If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than one hundred ten percent (110%) of the Fair Market Value per share of the Common Stock on the option grant date, and the option term shall not exceed five (5) years measured from the option grant date.

Except as modified by the preceding provisions of this Section II, the provisions of Articles One, Two and Six of the Plan shall apply to all Incentive Options granted hereunder.

III. CORPORATE TRANSACTIONS

A. For purposes of this Section III, a "Corporate Transaction" shall mean any one of the following stockholder-approved transactions:

(i) a merger or consolidation in which the Corporation is not the surviving entity, except for a transaction the principal purpose of which is to change the State of the Corporation's incorporation,

(ii) the sale, transfer or other disposition of all or substantially all of the assets of the Corporation in liquidation or dissolution of the Corporation, or

(iii) any reverse merger in which the Corporation is the surviving entity but in which securities possessing more than fifty percent (50%) of the total combined voting power of the Corporation's outstanding securities are transferred to holders different from those who held such securities immediately prior to such merger.

B. Each outstanding option which is assumed in connection with a Corporate Transaction or is otherwise to continue in effect shall be appropriately adjusted, immediately after such Corporate Transaction, to apply and pertain to the number and class of securities which would be issuable, in consummation of such Corporate Transaction, to an actual holder of the same number of shares of Common Stock as are subject to such option immediately prior to such Corporate Transaction, and appropriate adjustments shall also be made to the option price payable per share, provided the aggregate option price payable for such securities shall remain the same.

-7-

Appropriate adjustments shall also be made to the class and number of securities available for issuance under the Plan on both an aggregate and per participant basis following the consummation of such Corporate Transaction.

C. The grant of options under this Article Two shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

IV. CANCELLATION AND REGRANT OF OPTIONS

The Plan Administrator shall have the authority to effect, at any time and from time to time, with the consent of the affected Optionees, the cancellation of any or all outstanding options under this Article Two (including outstanding options under the Predecessor Plans incorporated into this Plan) and to grant in substitution new options under this Article Two covering the same or different numbers of shares of Common Stock but having an option price for each share which is not less than (i) eighty-five percent (85%) of the Fair Market Value of such share on the new grant date or (ii) one hundred percent (100%) of such Fair Market Value in the case of an Incentive Option.⁴

V. STOCK APPRECIATION RIGHTS

A. Provided and only if the Plan Administrator determines in its discretion to implement the stock appreciation right provisions of this Section

V, one or more Optionees under the Discretionary Option Grant Program may be granted the right, exercisable upon such terms and conditions as the Plan Administrator may establish, to surrender all or part of an unexercised option under this Article Two in exchange for a distribution from the Corporation in an amount equal to the excess of (i) the Fair Market Value (on the option surrender date) of the number of shares in which the Optionee is at the time vested under the surrendered option (or surrendered portion thereof) over (ii) the aggregate option price payable for such vested shares.

B. No surrender of an option shall be effective hereunder unless it is approved by the Plan Administrator. If the surrender is so approved, then the distribution to which the Optionee shall accordingly become entitled under this Section V may be made in shares of any class of Common Stock valued at Fair Market Value on the option surrender date, in cash, or partly in shares and partly in cash, as the Plan Administrator shall in its sole discretion deem appropriate.

C. If the surrender of an option is rejected by the Plan Administrator, then the Optionee shall retain whatever rights the Optionee had under the surrendered option (or surrendered portion thereof) on the option surrender date and may exercise such rights at any time prior to the later of (i) five (5) business days after the receipt of the rejection notice or (ii) the last day on which the option is otherwise exercisable in accordance with the terms of the instrument evidencing such option, but in no event may such rights be exercised more than ten (10) years after the date of the option grant.

D. One or more officers of the Corporation subject to the short-swing profit restrictions of the Federal securities laws may, in the Plan Administrator's sole discretion, be granted limited stock appreciation rights in tandem with their outstanding options under this Article Two. Upon the occurrence of a Hostile Take-Over effected at any time when the Corporation's outstanding Common Stock is registered under Section 12(g) of the 1934 Act, each outstanding option with such a limited stock appreciation right shall automatically be cancelled, to the extent such option is at the time exercisable for fully-vested shares of Common Stock. The Optionee shall in return be entitled to a cash distribution from the Corporation in an amount equal to the excess of (i) the Take-Over Price of the vested shares of Common Stock at the time subject to the cancelled option (or cancelled portion of such option) over (ii) the aggregate exercise price payable for such shares. The cash distribution payable upon such cancellation shall be made within five (5) days following the consummation of the Hostile Take-Over. The Plan Administrator shall pre-approve, at the time the limited right is granted, the subsequent exercise of that right in accordance with the terms of the grant and the provisions of this Section V.D. No additional approval of the Plan Administrator or the Board shall be required at the time of the actual option cancellation and cash distribution. The balance of the option (if any) shall continue to remain outstanding and exercisable in accordance with the terms of the instrument evidencing such grant.

-8-

E. For purposes of Section V.D, the following definitions shall be in effect:

A HOSTILE TAKE-OVER shall be deemed to occur in the event any person or related group of persons (other than the Corporation or a person that directly or indirectly controls, is controlled by, or is under common control with, the Corporation) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 of the 1934 Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Corporation's outstanding securities pursuant to a tender or exchange offer made directly to the Corporation's stockholders which the Board does not recommend such stockholders to accept.

The TAKE-OVER PRICE per share shall be deemed to be equal to the greater of (a) the Fair Market Value per share on the date of cancellation, as determined pursuant to the valuation provisions of Section VI of Article One, or (b) the highest reported price

per share paid in effecting such Hostile Take-Over. However, if the cancelled option is an Incentive Option, the Take-Over Price shall not exceed the clause (a) price per share.

F. The shares of Common Stock subject to any option surrendered or cancelled for an appreciation distribution pursuant to this Section V shall NOT be available for subsequent option grant under the Plan.

ARTICLE THREE AUTOMATIC OPTION GRANT PROGRAM

I. TERMS AND CONDITIONS OF AUTOMATIC OPTION GRANTS

A. Grant Dates. Option grants will be made under this Article Three on the dates specified below:

(1) Each individual who first becomes a non-employee Board member on or after the date of the 1998 Annual Meeting, whether through election by the Corporation's stockholders or appointment by the Board, shall automatically be granted, at the time of such initial election or appointment, a Non-Statutory Option to purchase 20,000 shares of Common Stock upon the terms and conditions of this Article Three, provided SUCH INDIVIDUAL HAS NOT OTHERWISE BEEN IN THE PRIOR EMPLOY OF THE CORPORATION.

(2) On the date of each Annual Stockholders Meeting, beginning with the 1998 Annual Meeting, each individual re-elected as a non-employee Board member at such Annual Meeting shall automatically be granted a Non-Statutory Option to purchase 10,000 shares of Common Stock upon the terms and conditions of this Article Three. There shall be no limit on the number of 10,000-share option grants any one non-employee Board member may receive over the period of Board service, and non-employee Board members previously in the Corporation's employ shall be entitled to one or more such annual option grants over his or her period of Board service.

B. Exercise Price. The exercise price per share of each automatic option grant made under this Article Three shall be equal to one hundred percent (100%) of the Fair Market Value per share of the Common Stock on the date of grant under this Automatic Option Grant Program.

C. Payment.

The exercise price shall be payable in one of the alternative forms specified below:

(i) full payment in cash or check drawn to the Corporation's order;

(ii) full payment in shares of Common Stock held for at least six (6) months and valued at Fair Market Value on the Exercise Date (as such term is defined below);

(iii) full payment in a combination of shares of Common Stock held for at least six (6) months and valued at Fair Market Value on the Exercise Date and cash or check; or

-9-

(iv) full payment through a broker-dealer sale and remittance procedure pursuant to which the non-employee Board member (A) shall provide irrevocable instructions to a designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate option price payable for the purchased shares plus all applicable Federal and state income taxes required to be withheld by the Corporation in connection with such purchase and (B) shall provide written directives to the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale transaction.

For purposes of this paragraph C, the Exercise Date shall be the date on which written notice of the option exercise is delivered to the Corporation. Except to the extent the sale and remittance procedure is utilized in connection with the exercise of the option, payment of the option price for the purchased shares must accompany such notice.

D. Option Term. Each automatic grant under this Article Three shall have a term of ten (10) years measured from the automatic grant date.

E. Exercisability. Each automatic grant shall become exercisable in full one (1) year after the automatic grant date. The option shall not become exercisable for any additional option shares after the optionee has ceased for any reason to be a member of the Board.

F. Effect of Termination of Board Membership.

(1) Should the optionee cease to serve as a Board member for any reason (other than death) while holding one or more automatic option grants under this Article Three, then such optionee shall have a three (3) month period following the date of such cessation of Board service in which to exercise each such option for any or all of the shares of Common Stock for which the option was exercisable at the time of such cessation of Board service. Each such option shall immediately terminate and cease to be outstanding, at the time of such cessation of Board service, with respect to any shares for which the option is not otherwise at that time exercisable.

(2) Should the optionee die while serving as a Board member or within three (3) months after cessation of Board service, then each outstanding automatic option grant held by the optionee at the time of death may subsequently be exercised, for any or all of the shares of Common Stock for which the option was exercisable at the time of the optionee's cessation of Board service (less any option shares subsequently purchased by the optionee prior to death), by the personal representative of the optionee's estate or by the person or persons to whom the option is transferred pursuant to the optionee's will or in accordance with the laws of descent and distribution. Any such exercise must occur within thirty-six (36) months after the date of the optionee's death. However, each such automatic option grant shall immediately terminate and cease to be outstanding, at the time of the optionee's cessation of Board service, with respect to any option shares for which it is not otherwise at such time exercisable.

(3) In no event shall any automatic grant under this Article Three remain exercisable after the specified expiration date of the ten (10)-year option term. Upon the expiration of the applicable exercise period in accordance with subparagraphs (1) and (2) above or (if earlier) upon the expiration of the ten (10)-year option term, the automatic grant shall terminate and cease to be outstanding for any unexercised shares for which the option was exercisable at the time of the optionee's cessation of Board service.

G. Stockholder Rights. The holder of an automatic option grant under this Article Three shall have none of the rights of a stockholder with respect to any shares subject to such option until such individual shall have exercised the option, paid the exercise price for the purchased shares and been issued a stock certificate for such shares.

-10-

II. CORPORATE TRANSACTION

A. For purposes of this Section II, a "Corporate Transaction" shall be one or more of the following stockholder-approved transactions:

(i) a merger or consolidation in which the Corporation is not the surviving entity, except for a transaction the principal purpose of which is to change the State of the Corporation's incorporation,

(ii) the sale, transfer or disposition of all or substantially all of the assets of the Corporation in liquidation or

dissolution of the Corporation, or

(iii) any reverse merger in which the Corporation is the surviving entity but in which securities possessing more than fifty percent (50%) of the total combined voting power of the Corporation's outstanding securities are transferred to holders different from those who held such securities immediately prior to such merger

B. In the event of any Corporate Transaction, the shares of Common Stock at the time subject to each outstanding option but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Immediately following the consummation of the Corporate Transaction, each automatic option grant shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

C. Each outstanding option which is assumed in connection with a Corporate Transaction or is otherwise to continue in effect shall be appropriately adjusted, immediately after such Corporate Transaction, to apply and pertain to the number and class of securities which would be issuable, in consummation of such Corporate Transaction, to an actual holder of the same number of shares of Common Stock as are subject to such option immediately prior to such Corporate Transaction, and appropriate adjustments shall also be made to the option price payable per share, provided the aggregate option price payable for such securities shall remain the same.

D. The grant of options under this Article Three shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

III. REMAINING TERMS

The remaining terms of each option granted under the Automatic Option Grant Program shall be the same as the terms in effect for options made under the Discretionary Option Grant Program.

ARTICLE FOUR STOCK ISSUANCE PROGRAM

I. TERMS AND CONDITIONS OF STOCK ISSUANCE

Shares of Common Stock may be issued under the Stock Issuance Program through direct and immediate purchases without any intervening stock option grants. The issued shares shall be evidenced by a Stock Issuance Agreement ("Issuance Agreement") that complies with the terms and conditions of this Article Four.

A. CONSIDERATION

(1) Shares of Common Stock drawn from the Corporation's authorized but unissued shares of Common Stock ("Newly Issued Shares") shall be issued under the Plan for one or more of the following items of consideration which the Plan Administrator may deem appropriate in each individual instance:

-11-

(i) cash or cash equivalents (such as a personal check or bank draft) paid the Corporation;

(ii) a promissory note payable to the Corporation's order in one or more installments, which may be subject to cancellation in whole or in part upon terms and conditions established by the Plan Administrator; or

(iii) past services rendered to the Corporation or any parent or subsidiary corporation.

(2) Newly Issued Shares may, in the absolute discretion of the Plan Administrator, be issued for consideration with a value less than one-hundred percent (100%) of the Fair Market Value of such shares, but in no event less than eighty-five percent (85%) of such Fair Market Value.

(3) Shares of Common Stock reacquired by the Corporation and held as treasury shares ("Treasury Shares") may be issued under this Article Four for such consideration (in whatever form) as the Plan Administrator may deem appropriate. Accordingly, such Treasury Shares may, in lieu of any cash consideration, be issued subject to such vesting requirements tied to the Participant's period of future Service or the Corporation's attainment of specified performance objectives as the Plan Administrator may establish at the time of issuance.

B. VESTING PROVISIONS

(1) Shares of Common Stock issued under this Article Four may, in the absolute discretion of the Plan Administrator, be fully and immediately vested upon issuance or may vest in one or more installments over the Participant's period of Service (as such term is defined in Section I.C.(3) of Article Two). The elements of the vesting schedule applicable to any unvested shares of Common Stock issued under the Plan, namely:

(ii) the Service period to be completed by the Participant or the performance objectives to be achieved by the Corporation,

(iii) the number of installments in which the shares are to vest,

(iv) the interval or intervals (if any) which are to lapse between installments, and

(v) the effect which death, disability or other event designated by the Plan Administrator is to have upon the vesting schedule,

shall be determined by the Plan Administrator and incorporated into the Issuance Agreement executed by the Corporation and the Participant at the time such unvested shares are issued.

(2) The Participant shall have full stockholder rights with respect to any shares of Common Stock issued to him or her under this Article Four, whether or not his or her interest in those shares is vested. Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid on such shares. Any new, additional or different shares of stock or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to his or her unvested shares by reason of any stock dividend, stock split, reclassification of Common Stock or other similar change in the Corporation's capital structure shall be issued, subject to (i) the same vesting requirements applicable to his or her unvested shares and (ii) such escrow arrangements as the Plan Administrator shall deem appropriate.

(3) Should the Participant cease to remain in Service while holding one or more unvested shares of Common Stock under this Article Four, then those shares shall be immediately surrendered to the Corporation for cancellation, and the Participant shall have no further stockholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for consideration paid in cash or cash equivalent (including the Participant's purchase-money promissory note), the Corporation shall repay to the

cancel the principal balance of any outstanding purchase-money note of the Participant to the extent attributable to such surrendered shares. The surrendered shares may, at the Plan Administrator's discretion, be retained by the Corporation as Treasury Shares or may be retired to authorized but unissued share status.

(4) The Plan Administrator may in its discretion elect to waive the surrender and cancellation of one or more unvested shares of Common Stock (or other assets attributable thereto) which would otherwise occur upon the non-completion of the vesting schedule applicable to such shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's cessation of Service or the attainment or non-attainment of the applicable performance objectives.

II. TRANSFER RESTRICTIONS/SHARE ESCROW

A. Unvested shares under this Article Four may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Participant's interest in such shares vests or may be issued directly to the Participant with restrictive legends on the certificates evidencing such unvested shares. To the extent an escrow arrangement is utilized, the unvested shares and any securities or other assets issued with respect to such shares (other than regular cash dividends) shall be delivered in escrow to the Corporation to be held until the Participant's interest in such shares (or other securities or assets) vests. Alternatively, if the unvested shares are issued directly to the Participant, the restrictive legend on the certificates for such shares shall read substantially as follows:

"THE SHARES REPRESENTED BY THIS CERTIFICATE ARE UNVESTED AND ARE ACCORDINGLY SUBJECT TO (I) CERTAIN TRANSFER RESTRICTIONS AND TO (II) CANCELLATION OR REPURCHASE IN THE EVENT THE REGISTERED HOLDER (OR HIS/HER PREDECESSOR IN INTEREST) CEASES TO REMAIN IN THE CORPORATION'S SERVICE. SUCH TRANSFER RESTRICTIONS AND THE TERMS AND CONDITIONS OF SUCH CANCELLATION OR REPURCHASE ARE SET FORTH IN A STOCK ISSUANCE AGREEMENT BETWEEN THE CORPORATION AND THE REGISTERED HOLDER (OR HIS/HER PREDECESSOR IN INTEREST) DATED _____, 19__, A COPY OF WHICH IS ON FILE AT THE PRINCIPAL OFFICE OF THE CORPORATION."

B. The Participant shall have no right to transfer any unvested shares of Common Stock issued to him or her under this Article Four. For purposes of this restriction, the term "transfer" shall include (without limitation) any sale, pledge, assignment, encumbrance, gift, or other disposition of such shares, whether voluntary or involuntary. Upon any such attempted transfer, the unvested shares shall immediately be cancelled, and neither the Participant nor the proposed transferee shall have any rights with respect to those shares. However, the Participant shall have the right to make a gift of unvested shares acquired under the Plan to his or her spouse or issue, including adopted children, or to a trust established for such spouse or issue, provided the donee of such shares delivers to the Corporation a written agreement to be bound by all the provisions of the Plan and the Issuance Agreement applicable to the gifted shares.

ARTICLE FIVE DIRECTOR FEE OPTION GRANT PROGRAM

I. OPTION GRANTS

Each non-employee Board member may, commencing with the 1999 calendar year, elect to apply all or any portion of the fee otherwise payable to him or her in cash each year for his or her Board service to the acquisition of a special option grant under this Director Fee Option Grant Program. Such election must be filed with the Corporation's Chief Financial Officer prior to last day of December in the calendar year immediately preceding the calendar year for which the fee subject of that election is otherwise payable. Each non-employee Board member who files such a timely election shall automatically be granted an option under this Director Fee Option Grant

Program on the first trading day in January in the calendar year for which the fee subject of that election would otherwise be payable. Until the Corporation establishes an annual retainer fee for the non-employee Board members, the dollar amount of the fee subject to the Board member's election each year shall be equal to the number of regularly-scheduled Board meetings for that year multiplied by the per Board meeting fee in effect for such year.

II. OPTION TERMS

Each option shall be a Non-Statutory Option governed by the terms and conditions specified below.

A. EXERCISE PRICE.

(1) The exercise price per share shall be thirty-three and one-third percent (33-1/3%) of the Fair Market Value per share of Common Stock on the option grant date.

(2) The exercise price shall become immediately due upon exercise of the option and shall be payable in one or more of the alternative forms authorized under the Discretionary Option Grant Program. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. NUMBER OF OPTION SHARES. The number of shares of Common Stock subject to the option shall be determined pursuant to the following formula (rounded down to the nearest whole number):

$$X = A / (B \times 66-2/3\%), \text{ where}$$

X is the number of option shares,

A is the portion of the annual retainer fee subject to the non-employee Board member's election, and

B is the Fair Market Value per share of Common Stock on the option grant date.

C. EXERCISE AND TERM OF OPTIONS. The option shall become exercisable in a series of twelve (12) successive equal monthly installments upon the Optionee's completion of each calendar month of Board service in the calendar year for which the annual retainer fee which is the subject of his or her election under this Article Five would otherwise be payable. Each option shall have a maximum term of ten (10) years measured from the option grant date.

D. EFFECT OF TERMINATION OF SERVICE. Should the optionee cease Board service for any reason (other than death or permanent disability as defined in Section 22(e)(3) of the Internal Revenue Code) while holding one or more options under this Article Five, then each such option shall remain exercisable, for any or all of the shares for which the option is exercisable at the time of such cessation of Board service, until the earlier of (i) the expiration of the ten (10)-year option term or (ii) the expiration of the three (3)-year period measured from the date of such cessation of Board service. However, each option held by the optionee under this Article Five at the time of his or her cessation of Board service shall immediately terminate and cease to remain outstanding with respect to any and all shares of Common Stock for which the option is not otherwise at that time exercisable.

E. DEATH OR PERMANENT DISABILITY. Should the Optionee's service as a Board member cease by reason of death or permanent disability as defined in Section 22(e)(3) of the Internal Revenue Code, then each option held by such optionee under this Article Five shall immediately become exercisable for all the shares of Common Stock at the time subject to that option, and the option may, during the three (3)-year period following such cessation of Board service, be exercised for any or all of those shares as fully-vested shares.

Should the optionee die while holding one or more options under this Article Five, then each such option may be exercised, for any or all of the shares for which the option is exercisable at the time of the optionee's

cessation of Board service (less any shares subsequently purchased by optionee prior to death), by the personal representative of the optionee's estate or by the person or persons to whom the option is transferred pursuant to the

-14-

optionee's will or in accordance with the laws of descent and distribution. Such right of exercise shall lapse, and the option shall terminate, upon the earlier of (i) the expiration of the ten (10)-year option term or (ii) the three (3)-year period measured from the date of the optionee's cessation of Board service.

III. CORPORATE TRANSACTION

A. For purposes of this Section III, a "Corporate Transaction" shall be one or more of the following stockholder-approved transactions:

(i) a merger or consolidation in which the Corporation is not the surviving entity, except for a transaction the principal purpose of which is to change the State of the Corporation's incorporation,

(ii) the sale, transfer or disposition of all or substantially all of the assets of the Corporation in liquidation or dissolution of the Corporation, or

(iii) any reverse merger in which the Corporation is the surviving entity but in which securities possessing more than fifty percent (50%) of the total combined voting power of the Corporation's outstanding securities are transferred to holders different from those who held such securities immediately prior to such merger

B. In the event of any Corporate Transaction, the shares of Common Stock at the time subject to each outstanding option but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Immediately following the consummation of the Corporate Transaction, each automatic option grant shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

C. Each outstanding option which is assumed in connection with a Corporate Transaction or is otherwise to continue in effect shall be appropriately adjusted, immediately after such Corporate Transaction, to apply and pertain to the number and class of securities which would be issuable, in consummation of such Corporate Transaction, to an actual holder of the same number of shares of Common Stock as are subject to such option immediately prior to such Corporate Transaction, and appropriate adjustments shall also be made to the option price payable per share, provided the aggregate option price payable for such securities shall remain the same.

D. The grant of options under this Article Five shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

IV. REMAINING TERMS

The remaining terms of each option granted under this Director Fee Option Grant Program shall be the same as the terms in effect for option grants made under the Discretionary Option Grant Program.

ARTICLE SIX MISCELLANEOUS

I. EFFECT OF TRANSACTIONS ON OUTSTANDING OPTIONS

A. Prior to the Effective Date of the Plan, the Company's outstanding common stock was reclassified as Series B Common Stock and subjected to a 3 for 4 reverse stock split. As part of the same transaction, one-third of a share of newly authorized Series A Common Stock was distributed with respect to each outstanding share of Series B Common Stock. Under the Company's 1988 Stock Option Plan and each of the options outstanding as of the record date for such dividend ("Affected Option"), which options are incorporated

-15-

under this Plan, appropriate adjustment must be made to the outstanding options to reflect such reverse stock split and stock dividend. Such appropriate adjustments were as follows:

(1) The aggregate number of shares of Common Stock available under any Affected Option shall be unchanged by the reverse stock split and stock dividend, but 75% of such total number shares of Common Stock available under such options shall be Class B Common Stock and 25% of such total number shall be Class A Common Stock.

(2) The option price per share for each share of stock available under an Affected Option will remain unchanged, and the aggregate option price for all shares available under the option will remain unchanged.

(3) Any vesting schedule imposed under an Affected Option will be applied separately to the total Class A and Class B Common Stock so that on each vesting date the holder will vest in one Class A share for every three shares of Class B Common Stock vesting on such date.

(4) Option holders may separately exercise all or any portion of the vested options of either Class of Common Stock.

B. As a result of a Conversion pursuant to the terms of the Company's Certificate of Incorporation, all outstanding shares of Class A Common Stock of the Corporation were converted into 1.33 shares of Class B Common Stock (which became the only outstanding class of Common Stock of the Corporation). Under this Plan, each outstanding option to purchase shares of Class A Common Stock must be adjusted to reflect such conversion. Such adjustments are as follows:

(1) Each option to purchase a share of Class A Common Stock (a "Converted Option") is automatically converted into an option to purchase 1.33 shares of Common Stock.

(2) The aggregate option price per share for each Converted Option will remain unchanged, but the price per share for each share of Common Stock under a Converted Option will equal the purchase price payable for a share of Class A Common Stock divided by 1.33.

(3) Any remaining vesting schedule imposed under a Converted Option will apply to the Common Stock available under such Option.

II. LOANS

A. The Plan Administrator may, in its discretion, assist any Optionee or Participant (including an Optionee or Participant who is an officer of the Corporation) in the exercise of one or more options granted to such Optionee under the Article Two Discretionary Option Grant Program or the purchase of one or more shares issued to such Participant under the Article Four Stock Issuance Program, including the satisfaction of any Federal and State income and employment tax obligations arising therefrom by (i) authorizing the extension of a loan from the Corporation to such Optionee or Participant or (ii) permitting the Optionee or Participant to pay the option price or purchase price for the purchased Common Stock in installments over a period of years. The terms of any loan or installment method of payment (including the interest rate and terms of repayment) will be upon such terms as the Plan Administrator specifies in the applicable option or issuance agreement or otherwise deems appropriate under the circumstances. Loans and installment payments may be granted with or

without security or collateral (other than to individuals who are consultants or independent contractors, in which event the loan must be adequately secured by collateral other than the purchased shares). However, the maximum credit available to the Optionee or Participant may not exceed the option or purchase price of the acquired shares (less the par value of such shares) plus any Federal and State income and employment tax liability incurred by the Optionee or Participant in connection with the acquisition of such shares.

B. The Plan Administrator may, in its absolute discretion, determine that one or more loans extended under this financial assistance program shall be subject to forgiveness by the Corporation in whole or in part upon such terms and conditions as the Plan Administrator may deem appropriate.

-16-

III. TAX WITHHOLDING

A. The Company's obligation to deliver shares or cash upon the exercise of stock options or stock appreciation rights granted under the Discretionary Option Grant Program or upon direct issuance under the Stock Issuance Program shall be subject to the satisfaction of all applicable Federal, State and local income and employment tax withholding requirements.

B. The Plan Administrator may, in its discretion and upon such terms and conditions as it may deem appropriate provide any or all holders of outstanding option grants under the Discretionary Option Grant Program with the election to have the Company withhold, from the shares of Common Stock otherwise issuable upon the exercise of such options, a portion of such shares with an aggregate Fair Market Value equal to the designated percentage (up to 100% as specified by the optionee) of the Federal and State income taxes ("Taxes") incurred in connection with the acquisition of such shares. In lieu of such direct withholding, one or more option holders may also be granted the right to deliver shares of Common Stock to the Company in satisfaction of such Taxes. The withheld or delivered shares shall be valued at the Fair Market Value on the applicable determination date for such Taxes.

IV. AMENDMENT OF THE PLAN AND AWARDS

A. The Board has complete and exclusive power and authority to amend or modify the Plan (or any component thereof) in any or all respects whatsoever. No amendment or modification may adversely affect the rights and obligations of an Optionee with respect to options at the time outstanding under the Plan, nor adversely affect the rights of any Participant with respect to Common Stock issued under the Plan prior to such action, unless the Optionee or Participant consents to such amendment or modification. In addition, certain amendments may require stockholder approval if so determined by the Board or pursuant to applicable laws or regulations.

B. (i) Options to purchase shares of Common Stock may be granted under the Discretionary Option Grant Program or the Automatic Option Grant Program and (ii) shares of Common Stock may be issued under the Stock Issuance Program, which are in both instances in excess of the number of shares then available for issuance under the Plan, provided any excess shares actually issued under the Option Grant Program, the Automatic Option Grant Program or the Stock Issuance Program are held in escrow until stockholder approval is obtained for a sufficient increase in the number of shares available for issuance under the Plan. If such stockholder approval is not obtained within twelve (12) months after the date the first such excess option grants or excess share issuances are made, then (I) any unexercised excess options shall terminate and cease to be exercisable and (II) the Corporation shall promptly refund the purchase price paid for any excess shares actually issued under the Plan and held in escrow, together with interest (at the applicable Short Term Federal Rate) for the period the shares were held in escrow.

C. On March 31, 1999, the Board amended and restated the Plan to effect an increase in the maximum number of shares of Common Stock authorized for issuance over the term of the Plan from 8,088,457 shares to 9,073,457 shares (the "1999 Restatement"). The 1999 Restatement is subject to stockholder approval at the 1999 Annual Meeting. Until such stockholder approval is

obtained, any options granted on the basis of the amendments effected by the 1998 Restatement (including the 985,000-share increase) shall not become exercisable in whole or in part, and those options shall terminate without ever becoming exercisable for the option shares. All option grants and direct stock issuances made prior to the 1999 Restatement shall remain outstanding in accordance with the terms and conditions of the respective instruments evidencing those options or issuances, and nothing in the 1999 Restatement shall be deemed to modify or in any way affect those outstanding options or issuances. The Plan Administrator may make option grants and direct stock issuances under the Plan at any time before the date fixed herein for the termination of the Plan.

V. EFFECTIVE DATE AND TERM OF PLAN

A. This Plan, as successor to the Company's Predecessor Plans, became effective as of the Effective Date, and no further option grants shall be made under the Option Plan nor shall any further shares be issued under the Stock Plan from and after such Effective Date.

-17-

B. Each outstanding option and share issuance under the Predecessor Plans immediately prior to the Effective Date of this Plan are hereby incorporated into this Plan and shall accordingly be treated as an outstanding option or share issuance under this Plan. Each such option or share issuance shall continue to be governed solely by the terms and conditions of the instrument evidencing such grant or issuance, and except as otherwise expressly provided in this Plan, no provision of this Plan shall affect or otherwise modify the rights or obligations of the holders of such options or shares with respect to their acquisition of shares of Common Stock, or otherwise modify the rights or obligations of the holders of such options or shares.

C. The sale and remittance procedure authorized for the exercise of outstanding options under this Plan shall be available for all options granted under this Plan on or after the Effective Date and for all Non-Statutory Options outstanding under the Option Plan and incorporated into this Plan. The Plan Administrator may also allow such procedure to be utilized in connection with one or more disqualifying dispositions of Incentive Option shares effected after the Effective Date, whether such Incentive Options were granted under this Plan or the Option Plan.

D. The Plan shall terminate upon the earlier of (i) November 16, 2002, or (ii) the date on which all shares available for issuance under the Plan shall have been issued or cancelled pursuant to the exercise, surrender or cash-out of the options granted under the Discretionary Option Grant Program or the issuance of shares (whether vested or unvested) under the Stock Issuance Program. If the date of termination is determined under clause (i) above, then all option grants and unvested stock issuances outstanding on such date shall thereafter continue to have force and effect in accordance with the provisions of the instruments evidencing such grants or issuances.

VI. USE OF PROCEEDS

Cash proceeds received by the Company from the sale of shares under the Plan shall be used for general corporate purposes.

VII. REGULATORY APPROVALS

A. The implementation of the Plan, the granting of any option under the Discretionary Option Grant Program, the issuance of any shares under the Stock Issuance Program, and the issuance of Common Stock upon the exercise or surrender of the option grants made hereunder shall be subject to the Corporation's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the Plan, the options granted under it, and the Common Stock issued pursuant to it.

B. No shares of Common Stock or other assets shall be issued or delivered under this Plan unless and until there shall have been compliance with all applicable requirements of Federal and State securities laws, including the

filing and effectiveness of the Form S-8 registration statement for the shares of Common Stock issuable under the Plan, and all applicable listing requirements of any securities exchange on which stock of the same class is then listed.

VIII. NO EMPLOYMENT/SERVICE RIGHTS

Neither the action of the Corporation in establishing the Plan, nor any action taken by the Plan Administrator hereunder, nor any provision of the Plan shall be construed so as to grant any individual the right to remain in the employ or service of the Corporation (or any parent or subsidiary corporation) for any period of specific duration, and the Corporation (or any parent or subsidiary corporation retaining the services of such individual) may terminate such individual's employment or service at any time and for any reason, with or without cause.

IX. MISCELLANEOUS PROVISIONS

The provisions of the Plan shall inure to the benefit of, and be binding upon, the Corporation and its successors or assigns, whether by Corporate Transaction or otherwise, and the Participants and Optionees, the legal representatives of their respective estates, their respective heirs or legatees and their permitted assignees.

I. PURPOSE

The Ligand Pharmaceuticals Incorporated 1992 Employee Stock Purchase Plan (the "Plan") is intended to provide eligible employees of the Company and one or more of its Corporate Affiliates with the opportunity to acquire a proprietary interest in the Company through the periodic application of their payroll deductions to the purchase of shares of the Company's common stock.

Base Salary means the regular basic earnings paid to a Participant by one or more Participating Companies before deduction for any pre-tax contributions made by the Participant to any Code Section 401(k) salary deferral plan or any Code Section 125 cafeteria benefit program now or hereafter established by the Company or any Corporate Affiliate. There shall be excluded from the calculation of Base Salary (I) all overtime payments, bonuses, commissions, profit-sharing distributions and other incentive-type payments and (II) all contributions (other than Code Section 401(k) or Code Section 125 contributions) made on the Participant's behalf by the Company or one or more Corporate Affiliates under any employee benefit or welfare plan now or hereafter established.

Common Stock means shares of the Company's Common Stock.

Corporate Affiliate means any company which is a parent or subsidiary corporation of the Company (as determined in accordance with Code Section 424), including any parent or subsidiary corporation which becomes such after the Effective Date.

However, for any Corporate Affiliate which becomes a Participating Company in the Plan after such start date, a subsequent Effective Date shall be designated with respect to participation by its Eligible Employees.

Eligible Employee means any person who is engaged, on a regularly-scheduled basis of more than twenty (20) hours per week and more than five (5) months per calendar year, in the rendition of personal services to the Company or any other Participating Company for earnings considered wages under Section 3121(a) of the Code.

Except as otherwise designated by the Plan Administrator, each quarterly period shall begin on the first business day of each calendar quarter and shall end on the last business day of such quarter.

Service means the period during which an individual remains in the employ of the Company or any Corporate Affiliate, whether or not in Eligible Employee status, and shall be measured from such individual's most recent date of hire by the Company or such Corporate Affiliate.

III. ADMINISTRATION

The Plan shall be administered by a committee (the "Plan Administrator") comprised of two or more non-employee Board members appointed from time to time by the Board. The Plan Administrator shall have full authority to administer the Plan, including authority to interpret and construe any provision of the Plan. Decisions of the Plan Administrator shall be final and binding on all parties who have an interest in the Plan.

IV. OFFERING PERIODS

A. Shares of Common Stock shall be offered for purchase under the Plan through a series of successive offering periods until such time as (i) the maximum number of shares of Common Stock available for issuance under the Plan shall have been purchased or (ii) the Plan shall have been sooner terminated in accordance with Article X.

B. The initial offering period began on November 17, 1992, and ended on the last business day in December 1993. Subsequent offering periods shall be coincidental with the calendar year and shall accordingly commence on the first business day in January each year.

C. The Participant shall be granted a separate purchase right for each offering period in which he/she participates. The purchase right shall be granted on the Entry Date on which such individual first joins the offering period in effect under the Plan and shall be automatically exercised in successive installments on each Quarterly Purchase Date within the offering period.

D. The acquisition of Common Stock through participation in the Plan for any offering period shall neither limit nor require the acquisition of Common Stock by the Participant in any subsequent offering period.

V. ELIGIBILITY AND PARTICIPATION

A. Each Eligible Employee of a Participating Company shall be eligible to participate in the Plan in accordance with the following provisions:

-- An Eligible Employee with at least five (5) months of Service on the start date of the offering period may enter that offering period on such start date, provided such individual enrolls in the offering period on or before such date in accordance with Section V.B below. That start date shall then become such individual's Entry Date for the offering period, and on that date such individual shall be

granted his/her purchase right for the offering period. Should such Eligible Employee not enter the offering period on the start date, then he/she may not subsequently join that particular offering period on any later date.

2.

-- An individual who is not an Eligible Employee with at least five (5) months of Service on the start date of the offering period may subsequently enter that offering period on the first Quarterly Entry Date on which he/she is an Eligible Employee with at least five (5) months of Service, provided he/she enrolls in the offering period on or before such date in accordance with Section V.B below. That Quarterly Entry Date shall then become such individual's Entry Date for the offering period, and on that date such individual shall be granted his/her purchase right for the offering period. Should such Eligible Employee not enter the offering period on the first Quarterly Entry Date on which he/she is first eligible to join the offering period, then he/she may not subsequently join that particular offering period on any later date.

B. To participate for a particular offering period, the Eligible Employee must complete the enrollment forms prescribed by the Plan Administrator (including the purchase agreement and payroll deduction authorization) and file such forms with the Plan Administrator on or before his/her scheduled Entry Date.

C. The payroll deduction authorized by the Participant for purposes of acquiring shares of Common Stock under the Plan may be any multiple of one percent (1%) of the Base Salary paid to the Participant during each Quarterly Period of Participation within the offering period, up to a maximum of ten percent (10%). The deduction rate so authorized shall continue in effect for the remainder of the offering period, except to the extent such rate is changed in accordance with the following guidelines:

-- the Participant may, at any time during the Quarterly Period of Participation, reduce his/her rate of payroll deduction. Such reduction shall become effective as soon as possible after filing of the requisite reduction form with the Plan Administrator (or its designate), but the Participant may not effect more than one such reduction during the same Quarterly Period of Participation.

-- The Participant may, prior to the commencement of any new Quarterly Period of Participation within the offering period, increase or decrease the rate of his/her payroll deduction by filing the appropriate form with the Plan Administrator (or its designate). The new rate (which may not exceed the ten percent (10%) maximum) shall become effective as of the first date of the first Quarterly Period of Participation following the filing of such form.

-- Payroll deductions will automatically cease upon the termination of the Participant's purchase right in accordance with the applicable provisions of Section VII below.

VI. STOCK SUBJECT TO PLAN

A. The Common Stock purchasable by Participants under the Plan shall, solely in the discretion of the Plan Administrator, be made available from either authorized but unissued shares of Common Stock or from shares of Common Stock reacquired by the Company, including shares of Common Stock purchased on the open market. The total number of shares which may be issued under the Plan shall not exceed 355,000 shares of Common Stock (provided that, for this purpose, each issuance of Class A Common Stock occurring prior to November 24, 1994 shall be treated as if it were an issuance of 1.33 shares of Common Stock).

Such share reserve includes the 95,000-share increase approved by the Board on March 31, 1999, subject to stockholder approval at the 1999 Annual Meeting. The number of shares of Common Stock issuable under the Plan shall be adjusted from time to time in accordance with Section VI.B hereof.

B. In the event any change is made to the Company's outstanding Common Stock by reason of any stock dividend, stock split, combination of shares or other change affecting such outstanding Common Stock as a class without receipt of consideration, then appropriate adjustments shall be made by the Plan Administrator to (i) the class and maximum number of shares issuable over the term of the Plan, (ii) the class and maximum number of shares purchasable per Participant during any one offering period and (iii) the class and number of shares and the price per share in effect under each purchase right at the time outstanding under the Plan. Such adjustments shall be designed to preclude the dilution or enlargement of rights and benefits under the Plan.

3.

VII. PURCHASE RIGHTS

An Employee who participates in the Plan for a particular offering period shall have the right to purchase shares of Common Stock, in a series of successive quarterly installments during such offering period, upon the terms and conditions set forth below and shall execute a purchase agreement embodying such terms and conditions and such other provisions (not inconsistent with the Plan) as the Plan Administrator may deem advisable.

Purchase Price. Common Stock shall be issuable at the end of each Quarterly Period of Participation at a purchase price equal to eighty-five percent (85%) of the lower of (i) the fair market value per share on the Participant's Entry Date into the offering period or (ii) the fair market value per share on the Quarterly Purchase Date on which such Quarterly Period of Participation ends. However, for each Participant whose Entry Date is other than the start date of the offering period in effect under the Plan, the clause (i) amount shall in no event be less than the fair market value of the Common Stock on the start date of such offering period.

Valuation. For purposes of determining the fair market value per share of Common Stock on any relevant date the fair market value shall be the closing selling price on that date, as officially quoted on the Nasdaq National Market. If there is no quoted selling price for such date, then the closing selling price on the next preceding day for which there does exist such a quotation shall be determinative of fair market value.

Number of Purchasable Shares. The number of shares purchasable per Participant for each Quarterly Period of Participation shall be the number of whole shares obtained by dividing the amount collected from the Participant through payroll deductions during such Quarterly Period of Participation by the purchase price in effect for the Quarterly Purchase Date on which such Quarterly Period of Participation ends. However, no Participant may, during any one offering period, purchase more than 1,330 shares of Common Stock, subject to periodic adjustment under Section VI.B.

Under no circumstances shall purchase rights be granted under the Plan to any Eligible Employee if such individual would, immediately after the grant, own (within the meaning of Code Section 424(d)) or hold outstanding options or other rights to purchase, stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any of its Corporate Affiliates.

Payment. Payment for the Common Stock purchased under the Plan shall be effected by means of the Participant's authorized payroll deductions. Such deductions shall begin on the first pay day coincident with or immediately following the Participant's Entry Date into the offering period and shall (unless sooner terminated by the Participant) continue through the pay day ending with or immediately prior to the last day of the offering period. The amounts so collected shall be credited to the Participant's book account under the Plan, but no interest shall be paid on the balance from time to time outstanding in such account. The amounts collected from a Participant may be commingled with the general assets of the Company and may be used for general corporate purposes.

Termination of Purchase Right. The following provisions shall govern the termination of outstanding purchase rights:

(i) A Participant may, at any time prior to the last five (5) business days of the Quarterly Period of Participation, terminate his/her outstanding purchase right under the Plan by filing the prescribed notification form with the Plan Administrator (or its designate). No further payroll deductions shall be collected from the Participant with respect to the terminated purchase right, and any payroll deductions collected for the Quarterly Period of Participation in which such termination occurs shall, at the Participant's election, be immediately refunded or held for the purchase of shares on the next Quarterly Purchase Date. If no such election is made, then such funds shall be refunded as soon as possible after the close of such Quarterly Period of Participation.

(ii) The termination of such purchase right shall be irrevocable, and the Participant may not subsequently rejoin the offering period for which such terminated purchase right was granted. In order to resume participation in any subsequent offering period, such individual must re-enroll in the Plan (by making a timely filing of a new purchase agreement and payroll deduction authorization) during the applicable enrollment period for the new offering.

4.

(iii) If the Participant ceases to remain an Eligible Employee while his/her purchase right remains outstanding, then such individual (or the personal representative of the estate of a deceased Participant) shall have the following election, exercisable up until the end of the Quarterly Period of Participation in which the Participant ceases Eligible Employee status:

-- to withdraw all of the Participant's payroll deductions for such Quarterly Period of Participation, or

-- to have such funds held for the purchase of shares on the Quarterly Purchase Date immediately following such cessation of Eligible Employee status.

If no such election is made, then such funds shall be refunded as soon as possible after the close of such Quarterly Period of Participation. In no event, however, may any payroll deductions be made on the Participant's behalf following his/her cessation of Eligible Employee status.

Stock Purchase. Shares of Common Stock shall automatically be purchased on behalf of each Participant (other than Participants whose payroll deductions have previously been refunded in accordance with the Termination of Purchase Right provisions above) on each Quarterly Purchase Date. The purchase shall be effected by applying each Participant's payroll deductions for the Quarterly Period of Participation ending on such Quarterly Purchase Date (together with any carryover deductions from the preceding Quarterly Period of Participation) to the purchase of whole shares of Common Stock (subject to the limitation on the maximum number of purchasable shares set forth above) at the purchase price in effect for such Quarterly Period of Participation. Any payroll deductions not applied to such purchase because they are not sufficient to purchase a whole share shall be held for the purchase of Common Stock in the next Quarterly Period of Participation. However, any payroll deductions not applied to the purchase of Common Stock by reason of the limitation on the maximum number of shares purchasable by the Participant for that offering period shall be promptly refunded to the Participant.

Proration of Purchase Rights. Should the total number of shares of Common Stock which are to be purchased pursuant to outstanding purchase rights on any particular date exceed the number of shares then available for issuance under the Plan, the Plan Administrator shall make a pro-rata allocation of the available shares on a uniform and nondiscriminatory basis, and the payroll deductions of each Participant, to the extent in excess of the aggregate purchase price payable for the Common Stock pro-rated to such individual, shall

be refunded to such Participant.

Rights as Stockholder. A Participant shall have no stockholder rights with respect to the shares subject to his/her outstanding purchase right until the shares are actually purchased on the Participant's behalf in accordance with the applicable provisions of the Plan. No adjustments shall be made for dividends, distributions or other rights for which the record date is prior to the date of such purchase.

A Participant shall be entitled to receive, as soon as practicable after each Quarterly Purchase Date, a stock certificate for the number of shares purchased on the Participant's behalf. Such certificate may, upon the Participant's request, be issued in the names of the Participant and his/her spouse as community property or as joint tenants with right of survivorship.

Assignability.
